

CORE CAPABILITIES

ZigTech delivers specialized network and IT consulting anchored in 20+ years of enterprise and federal operations experience.

Network Infrastructure & Observability

Network design, AIOps integration, NetFlow/SNMP analytics, capacity planning, router/switch/WLAN controller configuration, and IPAM across multi-vendor environments.

Cybersecurity

Network segmentation, access control, threat detection, and security posture assessment aligned to NIST and DoD frameworks.

IT Consulting & Advisory

IT strategy, vendor evaluation, technology roadmaps, and program management for federal agencies and commercial enterprises.

Professional Services & Deployment

Platform deployment, systems integration, and post-implementation support for network observability, monitoring, and analytics tools.

PAST PERFORMANCE HIGHLIGHTS

VA: Network Observability

5 Yrs via LiveAction

Deployed LiveNX/LiveWire platforms within VA enterprise environments; deep familiarity with VA network ops and federal IT requirements.

Enterprise Network Observability

Fortune 500 / Multi-sector

AIOps and telemetry pipelines for Fortune 500 NOC operations, data center, hospitality, and telecom sectors.

Capacity Intelligence & Forecasting

Major U.S. Carrier

ML-driven capacity recommender and forecasting engine; proactive SLA management and infrastructure planning.

TEAMING PARTNERS

VRTG, LLC: Vaughan Richie Technology Group

Certified SDVOSB small business specializing in Unified Communications, Cisco Collaboration (CUCM, Webex Calling, CUBE), Aruba switching and wireless, Palo Alto security, and CMMC/NIST 800-171 compliance. CCIE-level engineers with active federal clearances. Together, ZigTech and VRTG deliver full-spectrum federal network infrastructure, observability, UC, and cybersecurity solutions.

DIFFERENTIATORS

- 20+ years network infrastructure: Cisco, BlueCat, LiveAction
- IPAM specialist: BlueCat DDI design, deployment & administration
- Multi-vendor hardware: routers, switches, WLAN controllers
- 5 years supporting VA network infrastructure & observability
- Enterprise delivery: Equinix, Verizon, Marriott, UHG
- NetFlow, SNMP, gNMI, syslog & telemetry ingestion expertise
- U.S. Navy Submarine Veteran; mission-critical ops mindset
- SBA Certified SDVOSB, VOSB & HUBZone; NaVOBA SDVBE Certified
- Triple set-aside eligible

NAICS CODES

541512 Computer Systems Design Services
541511 Custom Computer Programming Services
541519 Other Computer Related Services
517110 Wired Telecommunications Carriers
517312 Wireless Telecommunications Carriers
517810 All Other Telecommunications

CERTIFICATIONS & REGISTRATIONS

- SDVOSB: SBA Certified
- VOSB: SBA Certified
- HUBZone: SBA Certified (04/10/2026)
- **NaVOBA SDVBE Certified** — Certificate 202600256D (05/15/2026, exp. 05/15/2029)
- SAM.gov Active | UEI: W3AMXKRXLFE1 | CAGE: 18AP2
- Prior Public Trust, most recent federal position
- CompTIA A+ Certified Professional (Good-for-Life, 2005)
- CompTIA Network+ Certified Professional (Good-for-Life, 2005)
- U.S. DoL USMAP: Internetworking Technician (2005)

PRIME SUBCONTRACTOR REGISTRATIONS

- ManTech | Jacobs
- CGI Federal | Peraton
- SAIC | Booz Allen Hamilton
- Leidos | Lumen Technologies

SMALL BUSINESS SUPPORT

- Apex Accelerators, Brevard County, FL (DoD-funded federal contracting technical assistance)
